Dear Cliff and Friends in the Emmanuel Men's Cursillo Group,

We are so thankful for your prayers and your recent donation of \$500.00 US for the scholarship program. Holy Cross Anglican School is truly a miracle in action made possible by the generosity and support of caring folks like you. Your recent gift will help ensure that miracles continue to abound and that young lives are positively impacted.

In this period of economic uncertainty it's all too easy to forget just how blessed we really are. Every day as I come to school and walk around the community of San Mateo, I pray that running water, electricity and proper sanitation will one day be available in every home. The children of San Mateo don't have bank accounts, stocks or IRA's to fret about. Their concerns are much more pressing. They worry about food, drinking water, shoes and clean school uniforms. They cry with tooth aches, infected ears, lice and scabies. They need Christ-centered guidance, a good education, ongoing support, encouragement and plenty of hugs!

Don't forget to visit our website for updates on Holy Cross Anglican School.

Many thanks and blessings,
